

This summer, make a difference in the lives of youth with chronic illness and disability

RECREATION THERAPY OPPORTUNITIES

We are currently hiring for our nationally-acclaimed camps for children and adults with physical disabilities and chronic illnesses. In partnership with Riley Hospital for Children and other non-profit agencies serving youth, we offer campers a traditional summer camp experience in an outdoor setting. If you want to be part of an experience that will change the lives of your campers and yourself forever, please consider one of our many positions.

All of our staff members are trained to work with our campers' specific medical needs, and all positions are provided a salary with room and board. If you are interested in making a difference in the lives of campers with disabilities and chronic illnesses or obtaining more information, please visit our website or contact Lisa Elder, Director of Recreation Therapy, at (765) 342-2915 x5212 or at lrelder@indiana.edu
